Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

The Green Practice has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018.

You can see the model publication scheme on the Commissioner's website at www.itspublicknowledge.info/mps or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.

Constitution

This GP practice is constituted under the National Health Services (Scotland) Act 1978 and is contracted by NHS Tayside to provide primary medical services under GMS Regulations.

How the practice is run

Under our contract of services with the NHS Tayside we are obligated to meet the requirements of this contract and must provide information to support this to the NHS board. Our aim in maintaining this guide is to be as open as possible. You should note, however, that there may be circumstances where information will be withheld from one of the classes of information listed in *Section 14 – Classes of Information*. Information will only be withheld where permitted by The Freedom of Information (Scotland) Act 2002 (FOISA).

Information may be withheld, for example, where its disclosure would breach the law of confidentiality or harm an organisation's commercial interests. Information may also be withheld if it is another person's personal information, and its release would breach data protection legislation.

Information would not be disclosed in the following examples:

- Requests for information that is contained in patient medical records. However, you do have the right to request your own medical records, see *Section 13 - How to access information which is not available under this scheme*.
- Requests for information relating to private income of practice partners or practice staff
- Requests for financial information that would likely prejudice substantially the commercial interests of any person

Information provided in the publication scheme is considered reasonably obtainable.

Whenever information is withheld we will inform you of this, and will set out why it was not appropriate for that information to be disclosed. Even where information is withheld it may, in many cases, be possible to provide copies with the withheld information edited out.

Although we will try to follow this, there are many occasions where the physical size of files restrict their transmission via e-mail (NHS.net restriction). In these cases we will place the data on a disc and charge appropriately.

We reserve the right to impose charges for providing information in paper copy or on computer disc. Charges will reflect the actual costs of reproduction and postage to the practice, as set out below.

In the event that a charge is to be levied, you will be advised of the charge and how it has been calculated. Information will not be provided to you until payment has been received.

Reproduction costs:

Where charges are applied, photocopied information will be charged at a standard rate of 10p per A4 paper (black and white copy) and 30p per A4 paper (colour copy).

Computer discs will be charged at the rate of £10.00 per CD-Rom.

All of this information can be copied or reproduced without our formal permission, provided it is copied or reproduced accurately, is not used in a misleading context, and provided that the source of the material is identified.

In cases where the copyright is unclear, however, it is the responsibility of the person accessing the information to locate and seek the permission of the copyright holder before reproducing the material or in any other way breaching the rights of the copyright holder. Wherever possible, this scheme will indicate where we do not own the copyright on documents within *Section 14 – Classes of Information*.

Charges for information which is not available under the guide

The charges for information which is available under this guide are set out under Section 8 – Our Charging Policy. Fees for information that is not available under this guide are outlined in The Freedom of Information (Fees for Required Disclosure) (Scotland) Regulations 2004. If you submit a request to us for information which is not available under the Model Publication Scheme 2014 the charges will be based on the following calculations:

General information requests

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.
- We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. Charges may be made for locating, retrieving and providing information to you.
- In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information

We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released.

In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to the authority of providing the information.

- Photocopying is charged at 10p per A4 sheet for black and white copying, 30p per A4 sheet for colour copying.
- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

The first £100 worth of information will be provided to you without charge.

Where information costs between £100 and £600 to provide you will be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50 calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.

Where it would cost more than £600 to provide the information to you, however, we will ask you to pay the full cost of providing the information, with no waiver for any portion of the cost.

Requests for your own personal data

While you cannot request personal data under the FOISA you are entitled to request your own personal data under the DPA. Under the DPA you can request your personal information from The Green Practice. We reserve the right to charge a maximum of £50 for requests for an individual's own personal information.

Section 14 – Classes of information

The Freedom of Information (Scotland) Act, 2002 requires a publication scheme to specify the classes of information the Public Authority already publishes or intends to publish. Our intention is to publish as much information as possible through our guide to information, where there is known to be public interest. However, exemptions under the Freedom of Information (Scotland) Act, 2002 may allow us to withhold some information, as indicated in *Section 7: Information that we may withhold*.

We publish information that we hold within the following classes:

- Class 1: About The Green Practice
- Class 2: How we deliver our function and services
- Class 3: How we take decisions and what we have decided
